

2017 Provider Attestation for Passport Advantage

From: Passport Health Plan
Sent: July 21, 2017
To: Passport Primary Care and Specialist Providers

Background:

As of today we show that Passport Advantage has not received confirmation that you have completed 2017 compliance training. This is an annual requirement from CMS, is very important to both you and to Passport, and we are here to help in any way we can.

You should have received an email from Compliance C360 providing you instructions on how to complete the training. Highlighted in the box below is an example of what you should have received. Please check your trash or spam accounts. Emails sometimes can be filtered and get lost in those areas.
